Subject: Weekly update call

Dan,

I know that due to the holiday, you and Dan Feezor had discussed doing a call Wednesday morning this week but we would like to call you tomorrow (Tuesday) morning at 9 AM CST if possible. This would allow you to get the update earlier in the week plus I have a meeting at 9 AM MST on Wednesday so I would have to do a call Wednesday while I was driving which isn't the best in terms of call quality. Unless you indicate otherwise, we will call you tomorrow. Thanks.
